Malcolm Turnbull - the jig is up for you too

Hey Malcolm. Do you think we can have the Royal Commission now? CBA is leading the way. First it was financial planners, then the Bankwest scandal, rate rigging and the CommInsure rip offs. Now it's money laundering for drug traffickers and terrorists.

So Malcolm - you seemed to be fine with bank customers being ripped off. Now CBA's Narev is putting shareholders at risk. Does that get your blood boiling? No? Ok - well how about our kids

suffering from a turbocharged drug culture. Still don't care?

Come on..!! Ok - how about CBA profiting by facilitating terrorist funding? This put lives at risk here and internationally.

Look .... we know you have never cared about the lives destroyed by bank related financial terrorism but now we're talking about blood and guts terrorism. Yes we understand you owe an allegiance to the banks .... your family's wealth was built on the crooked empire but now it's time to care about your country and your people. No ... not the Caymans .... Australia! No ... not the US registered "Commonwealth of Australia" corporation. We mean the Australian people's Commonwealth of Australia. Last chance Mal ... Make Australia great again ..... sort out the banks.

Pssst - BRN Tip of the day Number 1 - Narev will be stepping down in a matter of days. Do not let him take the money and run.

Tip of the day Number 2 - Turnbull will be gone but not forgotten not long after if he fumbles on the banks ..... again.

Tip of the day Number 3 - This Sunday morning BRN reminds Malcolm Turnbull how much power the people really have to reform banking to make it ..... of the people, by the people and for the people.
