Banks must be reformed - with your help they will be!

## Join us for the **BANK VICTIMS VIGIL** Outside the Royal Commission - Melbourne **21 MAY - 1 JUNE 18**

**A People-Powered Force Determined to  
EXPOSE LIES • STOP CORRUPTION • DELIVER JUSTICE**

### **The Hayne Royal Commission third round of Hearings starting 21st May will focus on Small & Medium Enterprises**

- Lying to the Commission is a jailable offence!  
**THE NEXT BANKER TO COMMIT PERJURY SHOULD BE JAILED BY COMMISSIONER HAYNE!**
- Now that Commissioner Hayne has heard just the “tip of the iceberg” of the bank crimes and corruption the Royal Commission time frame and terms of reference must be extended so that Hayne can hear from witnesses with open and shut cases of predatory asset stripping.
- The crooked bankers should be jailed - their assets seized - their victims should receive full compensation **NOW!**
- Let's see a serious inquiry into the legal profession's role in assisting bank criminality. Perjury, conflicts of interest, tampering with court transcripts & evidence, essential files vanishing and inexplicable behaviors of certain judges. Bankers have a cartel of accomplices in law including the liquidators, valuers and agents.  
**EXPOSE IT ALL!**
- Governments protecting bankers has caused heartache, homelessness and sadly suicide to so many people around Australia. If you haven't lost your home or business to treacherous banking you are probably struggling with excess mortgage debt.
- Are you struggling with the cost of living? Cutting back on essentials - even the kids - to pay the rent or mortgage? Politicians will never stop criminal bankers fleecing you. Only people taking a stand will...
